President's Note

In the spirit of camaraderie, our group joyfully convened at our monthly meeting, where the esteemed John Madigan, our advisor, treated us to a delightful spread of flavorful desserts and lip-smacking beverages after the adjournment. Despite the cantankerous winter ice storm threatening our usual movie day, our dedicated movie selector, reviewer, and location/time coordinator, Jim MacCatain, made the tough decision to cancel. Undeterred, the TAPT movie enthusiasts patiently waited a week for the thaw to finally enjoy "The Boys in the Boat," a film so engrossing that even our president remained glued to his seat without a single restroom break.

The subsequent Saturday unfolded with warmth and fellowship at Roger Morris and Ed's residence, where our traditional game night featuring Mexican train dominoes was accompanied by mouth-watering refreshments for all five of us. As a friendly reminder, members who haven't yet paid their 2024 yearly dues are encouraged to promptly deliver their checks to a TAPT officer for seamless registration. Alternatively, the traditional mailing method is still available, with dues set at \$30 for singles and \$40 for couples sharing a residence.

Looking ahead, I eagerly anticipate reuniting with everyone at the monthly breakfast hosted at Apple Barrel Cafe on E 61st St and S Mingo Rd. Join us in fellowship before and after our monthly meeting to be held on February 13th, where my sweet husband and I will have the pleasure of presenting snacks and surprise drinks to all in attendance. Your presence is warmly anticipated!

Yours Bob Blum

The Masters Plan

It's wintertime outside my door
there's ice and snow in all grandeur,
The trees all have a lot of class,
they all look made of crystal glass.
It's all the Lord's own handiwork,
He never for a moment shirks,
He gives the Winter's icy breeze
And paints the landscape as He pleases.
It's all within the Master's plan
To paint the hills and ice the land;
Soon springtime will arrive in green
And paint the earth a different scene.

Katherine Smith Matheney

Moment to ponder Humans

My daughter went to a local Taco Bell and
ordered a taco.
She asked the person behind the counter
for 'minimal lettuce'.
He said he was sorry, but they had only
iceburg lettuce.

WD 40

"Water Displacement #40" is a product
begun from a search for a rust
preventative solvent and degreaser to
protect missile parts.

WD-40 was created in 1953 by three
technicians at the San Diego Rocket
Chemical Company.

It's name comes from the project that was
to find a "water displacement" compound.
They were successful with the fortieth
formulation; thus WD-40.

The Convair Company bought it in bulk to
protect their atlas missile parts.

Ken East, one of the original founders,
says there is nothing in WD-40 that would
hurt you.
