## February 2012 Volume 18 Issue 6

### President's Note

**Hello Prime Timers,**

**Happy Leap Year!**

I would like to thank Tom Bush for conducting the January meeting.

David Dowland has arranged for Michael Merryman of Hope Testing Clinic to speak to our group on HIV, pass out information and provide finger foods at this month's meeting. After that, we'll have a short business meeting.

**Wanted!** TAPT is looking for a news editor who can begin with the next issue of our newsletter. Anyone interested, please contact John Madigan at (918) 592-0088 or Steven Dubois at (405) 603-8997.

I look forward to seeing everyone at our meeting on February 7th at 7:00 PM.

Hug a Prime Timer today!

Love,  
Steven Dubois

I pulled into a crowded parking lot and rolled down the car windows to make sure my Labrador Retriever had fresh air. She was stretched out on the back seat, and I wanted to impress upon her that she must remain there.

I walked to the curb backward, pointing my finger at the car and repeated emphatically, "Now you stay. Do you hear me? Stay! Stay!"

The driver of a nearby car, perhaps noting that I am a blond, gave me a strange look and said,

"Why don't you just put it in park?"

author unknown

Happy Birthday!

Bill Beadles	02-08
Jim Houk	02-25
John Orem	02-28
John Raveill	02-08
Jim Young	02-20

Thanks to John Madigan for refreshments at the January meeting.

Motion to close meeting by Murrel Wilmoth second by Chuck Boyce.

Murrel Wilmoth called meeting closed at 7:30pm.

**Secretary John Madigan**

### Want to Make a Difference?

Good Safety Information that is worth knowing...

A resident of Kilgore, Texas, she was traveling between Gladewater & Kilgore. It was raining, though not excessive, when her car suddenly began to hydroplane and literally flew through the air. She was not seriously injured but very stunned at the sudden occurrence! When she explained to the highway patrolman what had happened he told her something that every driver should know -**NEVER DRIVE IN THE RAIN WITH YOUR CRUISE CONTROL ON**. She had thought she was being cautious by setting the cruise control and maintaining a safe consistent speed in the rain. But the highway patrolman told her that if the cruise control is on and your car begins to hydroplane -- **when your tires lose contact with the pavement your car will accelerate to a higher rate of speed and you take off like an airplane.**

**The highway patrol estimated her car was actually traveling through the air at 10 to 15 miles per hour faster than the speed set on the cruise control.**

Who told a Joke during TAPT monthly meeting?

## Procrastinator's Creed

I believe that if anything is worth doing right now, it would have been done already.  
I shall never rush into a job without a long period of adequate consideration.  
I shall never move quickly, except to avoid more work or to find excuses.  
If at first I don't succeed, there is always next year.  
I truly believe that all deadlines are unreasonable regardless of the amount of time given.  
I shall always decide not to decide, unless of course I decide to change my mind.  
I firmly believe that tomorrow holds the possibility for new technologies, astounding discoveries and a reprieve from my obligations.  
I shall never put off until tomorrow what I can forget about forever.

Harvey Mackay
